

## 1. Shorewood Hills Walking Trail Proposal

---

The proposal is to restore and improve the walking trails in Shorewood Hills in the Town of Lake Mills starting between Lots 230 and 231 on Woodfield Lane heading east in the common conservancy then bending northward branching east to emerge between Lots 198 and 199 on Sunset Circle and also branching north to reconnect with Woodfield Lane between Lots 212 and 213. The trail improvements would continue north to Bridle Path passing between Lots 247/39 on the west and Lots 248/38 on the east. The trail would be named in memory of late notable Lake Mills residents, Roland 'Doc' and Martha Liebenow. The Liebenow home was one of the first homes in the neighborhood and is located near the southern end of the trail.

Purpose is to provide improved amenity for all of Shorewood Hills for exercise, enjoyment of nature, and ability to walk through Shorewood Hills to Ferry Park with minimal exposure to road traffic.
